SCOUT LODGE TAKING SHAPE

CONSTRUCTION UPDATE

Have you been by the site lately? There has been a lot of activity within the last month. Work is just about an every day activity now on the job site. The trees have been cleared and were moved to the front of the property. Thank you to Ronnie D Jones Enterprises for donating the equipment and labor to move the trees. Conkles Tree Service brought in a HUGE tub grinder on site (below left) and ground up the trees into mulch. The mulch will be used around the Lodge for erosion control.

The next phase of the project was grading the driveway and excavating the foundation (above right). A big thanks to Peachtree Homes for donating the equipment and labor. After that, it was time to put gravel on our driveway. C & J Carriers delivered 396 tons of gravel from Florida Rock in Tyrone (below).
